Privacy Policy: Commitment to Privacy Protection

Protecting the security and privacy of your personal data is important to Bell Biosystems; therefore, we conduct our business in compliance with applicable laws on data privacy protection and data security. We hope the policy outlined below will help you understand what data Bell Biosystems may collect, how Bell Biosystems uses and safeguards that data and with whom we may share it. Personal data: Through our Web Site, Bell Biosystems will not collect any personal data about you (e.g., your name, address, telephone number or e-mail address), unless you voluntarily choose to provide us with it (e.g., by registration, survey, feedback, quote or information requests), respectively, provide your consent, or unless otherwise permitted by applicable laws and regulations for the protection of your personal data.

Purpose of Use: When you do provide us with personal data, we usually use it to respond to your inquiry, process your order or provide you access to specific information or offers. Also, to support our customer relationship with you, we may store and process personal data and share it with our affiliates to better understand your needs and how we can improve our products and services. If you choose not to have your personal data used to support our customer, we will respect your choice. We do not sell or otherwise market your personal data to third parties, except to Bell Biosystems affiliates.

Purpose Limitation

Bell Biosystems will collect, use or disclose personal data supplied by you online only for the purposes disclosed to you, unless the disclosure (i) is a use of the personal data for any additional purpose that is directly related to the original purpose for which the personal data was collected; (ii) is necessary to prepare, negotiate and perform a contract with you; (iii) is required by law or the competent governmental or judicial authorities; (iv) is necessary to establish or preserve a legal claim or defense; or (v) is necessary to prevent fraud or other illegal activities, such as willful attacks on Bell Biosystems information technology systems.

Communications and Utilization Data

Through your use of telecommunications services to access our Web Site, your communications data (e.g., Internet protocol address) or utilization data (e.g., information on the beginning, end and extent of each access, and information on the telecommunications services you accessed) are technically generated and could conceivably relate to personal data. To the extent that there is a compelling necessity, the collection, processing and use of your communications or utilization data will occur and will be performed in accordance with the applicable data privacy protection legal framework.

Non-Personal Data

When you access our Web Site, we may automatically (i.e., not by registration) collect non-personal data (e.g., type of Internet browser and operating system used, domain name of the Web site from which you came, number of visits, average time spent on the site, pages viewed). We may use this data and share it with our worldwide affiliates to monitor the attractiveness of our Web Sites and improve their performance or content.

Cookies

When you view our Web Site, we may store some data on your computer in the form of a “cookie” to automatically recognize your PC next time you visit. Cookies can help us in many ways, for example, by allowing us to tailor a Web Site to better match your interests or to store your password to save you having to re-enter it each time. If you do not wish to receive cookies, please do the following; (1) click the “opt out” button on the homepage, and; (2) configure your Internet browser to erase all cookies from your computer’s hard drive, block all cookies or to receive a warning before a cookie is stored.

Security

To protect your personal data against accidental or unlawful destruction, loss or alteration and against unauthorized disclosure or access, Bell Biosystems uses technical and organizational security measures.
